## FOOTER

CP 2: Outfit maker : ultimate goal → make an outfit picker that uses the user's own clothing

VI: Attempt to make Cher's outfit picker

- General functionality →
- flip through tops, bottoms, and shoes (maybe accessories)
    - use pre-uploaded pictures (maybe have class for type)
  - be able to make more than one outfit (maybe another id or class thing?)
    - confirm when finished with an outfit

outfit maker game

• POSSIBLE FEATURES:

- display completed outfits (styled class thing)
- \* give outfits names
